

Digital Futures in NT Schools

AN INTERACTIVE WORKSHOP ON SCENARIO PLANNING

Professional Development Opportunity

Do you routinely use digital technology in your teaching?

Are you interested in how digital futures might impact policy & classroom practice?

What if your preferred future doesn't arrive? How might you respond?

Would you like to network with other teachers interested in digital futures?

DATE | Friday, March 31, 2017 | 8:00am – 4:00pm

Description

This 1-day workshop will focus on current & emerging trends in the use of digital technologies for teaching, learning, and administration in NT schools. Focused on futures thinking through a process of scenario planning, activities will include:

- reviewing current practices associated with teaching with ICT
- identifying drivers of change
- reviewing the potential of emerging technologies
- facilitated discussion on individual, organisational, & jurisdictional readiness
- scenario development using 'scenario planning' as the instrument

All participants will be invited to complete an (anonymous) online survey prior to the event. The output of this workshop will be written up by CDU academics & shared with all participants.

To register your interest, please contact Pat at the Centre for School Leadership:
